

COUNTY OF LOS ANGELES
DEPARTMENT OF PARKS AND RECREATION
"Creating Community Through People, Parks and Programs"
Russ Guiney, Director

April 17, 2007

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF REVISED FEES AND AUTHORIZATION FOR DIRECTOR TO
EXECUTE AMENDMENTS TO MANAGEMENT AGREEMENTS
(ALL DISTRICTS – 4-VOTE MATTER)**

IT IS RECOMMENDED THAT YOUR BOARD AFTER THE PUBLIC HEARING:

1. Adopt the attached resolution to revise various parks and recreation fees and golf course greens fees effective July 1, 2007.
2. Approve the Golf Course Greens Fees Schedule, as outlined in Attachment II, effective July 1, 2007.
3. Approve a golf course improvement fee of \$1 per round for 18 holes and 50 cents per round for 9 holes and Seniors at those courses where the golf course operator/concessionaire agrees to execute an amendment, under certain conditions contained herein, to existing management agreements to exclude the golf course improvement fee from the definition of gross receipts and to make other modifications to provide for the golf course improvement fee.
4. Authorize the Director of Parks and Recreation (Director) to execute amendments with the golf course operators/concessionaires, upon approval as to form by County Counsel, to implement Recommendation No. 3, above.
5. Authorize the Director of the Department of Parks and Recreation (Department), with the concurrence of the Chief Administrative Office (CAO), to reduce by as much as one half the established golf greens fees (1) for promotional purposes in order to attract golfers during historically low demand periods at specific golf courses, (2) as a marketing tool to entice golfers to County golf courses through special events, and (3) in the event that golf course conditions at a specific golf course are such that it is in the best interests of the public to reduce greens fees.

6. Approve the Department's Fees and Charges Schedule, as outlined in Attachment III, effective July 1, 2007.
7. Approve the collection of a Facility Restoration and Infrastructure Fee for commercial events held on certain regional park facilities and authorize the deposit of this fee into the Special Development Fund to be used for improvements to the affected facility in accordance with the intent of the Fund.
8. Authorize the Director, with the concurrence of the CAO, the authority to reduce the vehicle entry or admission fee at any facility, not to exceed one-third of the normal approved fee, for promotional and marketing purposes.
9. Authorize the Director, with the concurrence of the CAO, the authority to suspend vehicle entry and admission fees during those times when it is not cost-effective to collect the fee.
10. Authorize the Director, with the concurrence of the CAO, to authorize up to 400 free admissions per year at the Arboretum and each of the botanic gardens for marketing and promotional purposes.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This Department has completed its annual review of various fees in accordance with a 1980-81 Grand Jury recommendation. The most recent survey and cost analyses indicate that the Department's schedule of fees and charges should be adjusted. Therefore, increases to the Department's schedule of fees are warranted.

Golf Course Greens Fees and Related Actions

The Department's golf greens fees have not been revised since January 1, 2004. Since that time, operating expenses, including wages and product costs, have increased. In addition, the amount of funding being deposited into the golf course improvement funds has failed to keep up with the costs of providing major maintenance and improvements to the facilities. Therefore, we are recommending an overall increase of \$1.50 for 18-hole weekday play and of \$2.00 for 18-hole weekend play comprised of a general golf course greens fees increase and a separate improvement fee.

Golf Course Greens Fees Increases

The most recent survey of golf greens fees indicate that the golf greens fees at County courses are significantly less than the average fees charged at similar municipal and public courses (see Attachment I). Therefore, increases to the Department's schedule of golf course greens fees are warranted. The fee schedule, as outlined in Attachment II, would be effective July 1, 2007.

The recommended revisions to the current schedule of golf greens fees represent a 50 cent increase for weekday regulation play and a \$1 increase for weekend regulation play, with other golf greens fees increased at a proportional rate. In addition, it is proposed that the exclusive use fee for tournaments be increased from \$8,000 per day to \$10,000 per day.

In addition to the proposed increases, the Department is also recommending a new fee to establish a Super Twilight golf greens fee for 9-hole regulation play. There are no proposed increases for junior green fees, tournament registration fees, senior citizen discount cards or golf cart rentals.

Although the proposed increases will result in the Department continuing to charge less than other municipal and public courses, prior experience indicates that increasing the fees by higher amounts at a single time may result in a significant decrease in rounds at some courses.

The Department's recommendations are fully outlined in Attachment II.

Golf Course Improvement Fee

The Department is recommending that your Board authorize an additional improvement fee for golf courses at the rate of \$1 per round for 18 holes and 50 cents per round for 9 holes and Seniors. Juniors would be exempted from the fee. The purpose of the fee would be to increase funding for capital improvements at the golf courses and would be implemented at a specific course upon the following conditions:

- The golf course operator/concessionaire enters into a management agreement amendment to exclude the improvement fee from gross receipts upon which rent calculations are made, to deposit the full fee into the course's capital improvement fund, and to make other modifications that may be necessary to implement the improvement fee; and
- The golf course operator/concessionaire agrees that the funds raised by the improvement fee will be used for course improvements that directly affect the golfing experience at the course, including, but not limited to, refurbishment of greens, bunkers, tee boxes, etc. and major maintenance; and
- The golf course operator/concessionaire and Department agree to a proposed list of improvements at the course and a schedule for implementation. The list of proposed improvements and schedule will be publicized at the course so that the golfing public knows how the fee will be used.

Implementation of the Golf Course Improvement Fee is one of several strategies that the Department and CAO are considering in order to increase long-term investment in

the County's golf courses. As a strategic asset that generates approximately \$14 million in General Fund revenue each year, continued investment in the golf course system is critical to the overall fiscal stability of the Department. The Department and CAO, in coordination with the Department's Golf Course Advisory Committee, has formed a task force charged with assessing the correct level of investment required to maintain and improve the quality of the courses and to develop long-term strategies to ensure a proper level of investment.

The Department and CAO will provide recommendations on such on-going maintenance requirements and funding strategies to your Board in a separate report.

Delegation of Authority

In order to provide incentives for the golfing public to utilize County courses and to maintain and enhance the number of rounds played at the County courses, it is recommended that continued authority, previously delegated by your Board, be given to the Director, to reduce golf greens fees by as much as 50 percent of the established rates:

- To increase the number of rounds played during historically low demand periods at specific golf courses.
- For specific promotional events to attract golfers at County golf courses through special rates.
- In the event that emergent events affect golf course conditions at specific golf courses such that it is in the best interests of the public to reduce greens fees.

Use of the delegated authority would require the concurrence of the CAO and the Department would notify affected Board offices prior to the implementation of a temporary fee reduction and shall also report the results and fiscal impacts of such actions.

Other Park and Recreation Fees and Related Actions

The Department is recommending various adjustments to its schedule of fees and charges to reflect increased costs and to align the Department's fees with those charged for similar services by other jurisdictions. The majority of the Department's fees have not been increased in at least three years and some have not been revised for as much as thirteen (13) years.

In addition to revising various existing fees, the Department is recommending the establishment of certain new fees as follows:

- Establishment of a specific per hour rental rate for large rooms with a capacity of 250 or more persons. Currently, the Department's fee structure has only two categories, rooms with a capacity of 150 or fewer persons and rooms with a capacity of 151 or more persons. The recommended fee is \$60 per hour with a minimum of four hours.
- Establishment of a flat rate for full service kitchens. Currently, both warming and full service kitchens can be rented for \$35 per rental. Under the proposed recommendations, the warming kitchen rate would remain the same and a new \$55 flat fee would be established for a full service kitchen.
- Include Santa Fe Dam Regional Park in the facilities authorized to charge the RV Campground fee. Currently, the fee is authorized only at Castaic Lake State Recreation Area.

Further, the Department is recommending the official elimination of the \$2 per person swim beach fee. This fee, established in 2004 in response to budget curtailments, was uncollectible due to the difficulties in restricting access to the swim beaches at the regional parks.

Facility Restoration and Infrastructure Fee

The Department is recommending the establishment of a Facility Restoration and Infrastructure Fee for large commercial events at the Department's six regional parks and its arboreta and botanic gardens. This fee, which would be set at five percent of the total rental fees with a \$500 minimum, would be used to refurbish or replace amenities and infrastructure at the facility where the events occur.

In order to ensure that the fees are used for facility refurbishment and infrastructure improvements, the Department is recommending that your Board authorize that these fees be deposited into the Special Development Fund. The Special Development Fund currently receives funding from a portion of the vehicle entry and boat entry fees at the regional parks and admission fees at the Department's arboreta and botanic gardens and was established to provide for the renovation and improvements to these facilities. Therefore, it is appropriate that the fees generated from the new Facility Restoration and Infrastructure Fee be deposited into the Special Development Fund and to ensure they are used for similar purposes.

The Department's recommendations for other park and recreation fees are fully outlined in Attachment III.

Delegation of Authority

It is recommended that authority, previously delegated by your Board, be given to the Director to approve a fee reduction, not to exceed one-third of the established rate, off the current vehicle entry and admission fee for promotional and marketing purposes. This authority, which had been previously authorized by your Board as recently as December 16, 2003, was inadvertently omitted from the last fee authorization effective July 1, 2004.

It is also recommended that your Board authorize the Director to suspend fee collections when weather conditions or other factors do not make it cost-effective to collect fees, such as at regional parks on rainy days. The Department's experience suggests that the cost of manning the cashiering booths at the regional parks on those days exceeds the revenue generated.

It is also recommended that your Board authorize the Director to authorize up to 400 free admissions to the Arboretum and each of the Botanic Gardens each year for marketing and promotional purposes. Examples of such uses could include donation of the admissions for charitable purposes, and as part of media events to build the visibility of the gardens as destinations.

Use of the delegated authority would require the concurrence of the CAO and the Department to notify affected Board Offices when it implements the above delegated authority and shall also report the results and fiscal impacts of such actions.

Implementation of Strategic Plan Goals

The proposed recommendations are consistent with the County Strategic Plan Goals No. 1 (Service Excellence) and Goal 4 (Fiscal Responsibility).

FISCAL IMPACT/FINANCING

The proposed fee revisions will result in additional estimated revenue of \$600,000 to the General Fund for Fiscal Year 2007-08, including approximately \$273,000 from the golf greens fees increases and \$327,000 from the other fee increases. The full year projection has been included in the Department's Fiscal Year 2007-08 Proposed Budget request to the CAO to offset some of the cost increases in the Department's Fiscal Year 2007-08 Proposed Budget.

Based on Fiscal Year 2005-06 play history, the Golf Course Improvement Fee is expected to generate between \$10,000 and \$108,000 per course per year to be dedicated to improvements. The Restoration and Infrastructure Fee is expected to generate approximately \$34,000 in additional funds to the Special Development Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

All fees were reviewed to ensure that they are reasonable and cost effective in comparison to other municipal and public agencies. The results are reflected in our recommendations. The last revisions to the Department's golf course greens fees were made January 1, 2004, and the last revisions to the other fees and charges were made July 1, 2004.

In accordance with Section 50402 of the Government Code, these changes must be approved by a resolution of your Board.

County Counsel has approved the attached resolution as to form.

Veteran's Special Plates Exemption

As ordered by your Board on January 23, 2007, the attached resolution and fee schedule includes an exemption from vehicle entry fees at the Department's regional parks on weekdays and Veterans Day for those persons driving vehicles with Veteran's Special Plates.

Public Hearing Notice

Public hearing notice requirements of Government Code Section 6062a have been satisfied and public hearing requirements of Government Code Section 66018, for fee increases, will be satisfied by this action.

Delegated Authority to Amend Management Agreements

Many of the existing golf course management agreements were originally authorized under Government Code Section 25536. As such, these management agreements may only be amended with a four-fifths majority of your Board.

ENVIRONMENTAL DOCUMENTATION

The proposed actions are for the purpose of: (1) meeting operating expenses, including employee wage rates and fringe benefits and/or (2) purchasing and leasing supplies, equipment or materials, and/or (3) obtaining funds for capital projects necessary to maintain service within existing service areas and, therefore, the proposed actions are not subject to CEQA pursuant to Section 21080(b)(8)(A)(B)(C) of the Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The increases are not anticipated to have a significant impact on services at the affected facilities.

CONCLUSION

Please instruct the Executive Officer-Clerk of the Board to forward three (3) conformed copies of this letter to the Department for distribution.

Respectfully yours,

RESOLUTION TO REVISE THE VARIOUS FEES AND CHARGES

WHEREAS, the County's parks and golf course facilities offer services and recreational opportunities similar to other facilities at which these fees are collected; and

WHEREAS, the Board of Supervisors of the County of Los Angeles through its approval of management lease agreements with private sector golf management companies has approved that a portion of the greens fees collected at the County golf courses will be deposited into the Golf Course Special Revenue Fund for development and improvements; and

WHEREAS, the Board of Supervisors of the County of Los Angeles has approved that a portion of the vehicle entry and boat entry fees at County Regional Parks and admission fees at the County's arboreta and botanic gardens be deposited into the Special Development Fund; and

WHEREAS, the Board of Supervisors finds it is in the County's best interest to assess an improvement fee on a per round basis at its golf courses and to deposit said fee in the golf courses' capital improvement funds; and

WHEREAS, the Board of Supervisor finds it is in the County's best interest to assess a Facility Restoration and Infrastructure Fee for commercial events at County Regional Parks and arboreta and botanic gardens and to deposit said fee in the Special Development Fund; and

WHEREAS, these increases will help offset operating costs; and

WHEREAS, the additional funding is in the public interest and welfare; and

WHEREAS, these costs do not exceed the cost of the services provided by the County; and

WHEREAS, the Director of the County Department of Parks and Recreation, with the concurrence of the Chief Administrative Officer, shall be granted the authority by the Board of Supervisors of the County of Los Angeles to reduce by as much as one half the established golf greens fees (1) to increase the number of rounds played during historically low demand periods at specific golf courses, (2) as a marketing tool to entice golfers to County golf courses through special events, and (3) in the event that golf course conditions at a specific golf course are such that it is in the best interests of the public to reduce greens fees; and

WHEREAS, the Director of the Department of Parks and Recreation, with the concurrence of the Chief Administrative Officer, shall be granted the authority to reduce the vehicle entry and admission fees, at an amount not to exceed one-third of the established rate, for promotional and marketing purposes; and

WHEREAS, the Director of Parks and Recreation, with the concurrence of the Chief Administrative Officer, shall be granted the authority to suspend fee collections when weather conditions or other factors do not make it cost-effective to collect fees; and

WHEREAS, the Director of Parks and Recreation, with the concurrence of the Chief Administrative Officer, shall be granted the authority to authorize up to 400 free admissions to the Arboretum and each of the Botanic Gardens each year for marketing and promotional purposes;

WHEREAS, on April 7, 1994, the Board of Supervisors exempted youth sports organizations from paying the outdoor field lighting fee; and

WHEREAS, on January 23, 2007, the Board of Supervisors directed the Department of Parks and Recreation to take the necessary actions to exempt persons driving vehicles with Veteran's Special Plates from vehicle entry fees at regional parks, except on weekends and holidays (excluding Veteran's Day); and

WHEREAS, pursuant to Government Code Section 50402, the County has the authority to charge for use of park and recreational facilities as provided by resolution of the governing body; and

WHEREAS, all recommended fee increases for County park facilities funded or improved with State bond park funds are not in excess of 125 percent of similar fees charged by the State Department of Parks and Recreation for the use of State facilities;

NOW THEREFORE BE IT RESOLVED by the Board of Supervisors of the County of Los Angeles, State of California as follows:

The County's golf course greens fees schedule shall be adjusted as outlined in Attachment II hereto and other parks and recreation fees adjusted as outlined in Attachment III hereto, effective July 1, 2007.

The Board of Supervisors of the County of Los Angeles, and the ex-officio governing body of all other special assessment and taxing districts, agencies and authorities for which said Board so acts, adopted the foregoing Resolution on the _____ day of _____, 2007.
